Also I want to present this award to *AA*FrogWing*CTO for his excellence in bombing in weeks 6 and 7 129 point in the 2 matches!

To *AA*Baz {RO} I take pride in presenting this Airmanship award.

I was flying with Baz in Week 8 we attacked A63 together on the Marne map. baz was shot by aa several time and fraged himself with his own wepons. the result was the loss of his top wing and damage to his rudder and elevators but still with virtually no control surfaces he managed to keep his plane in the air crossing 2 grid squares and land safely at A40 where we rearmed and returned to battle! Great show Baz!

To *AA*MojoRisin I award these bars for his fantastic killing abilities in Week 2. 14 kills and only 4 deaths! Way to go bro!

Also I really want to thank *AA*Maj.GypC and *AA* Alamor both of these guys blew off work to be with us and fight in the virtual skies!

And a special thank you to *ÅÅ* Bad Ogre XO. Prior to WF IV I was ready to throw in the towel on RB3d and move on. I think if not for his encouragment and spark I would have missed out on all this. I know he would have been in all 10 games if not for computer and real life issuse and though he didn't get to fly in these games he was always behind the scenes doing what ever he could do to support us Thank you Ogre!

This concludes this special WF IV *ÅÅ* Awards presentation thank you all for coming!
